

Time	Cambridge Suite 120 seats	Linton Suite 80 seats	Fulbourn Suite 120 seats
9:45 – 10:05	The Coal Authority Mining Into Data	Sogelink Group Bring The AutoCad Technology To The Field For GIS And Surveying	Statmap Leaving The Corporate Desktop GIS Behind
10:15 – 10:35	Aligned Assets Augmented Reality – The Evolution Of GIS data	Blue Marble Geographics Custom Feature Extraction From LiDAR Data	MGISS Has Mobile GIS Finally Come Of Age? Introducing The SpatialHub - A Fully Functional Yet Simple And Cost-Effective, End-To-End, Spatial Data Workflow
10:45 – 11:05	The GeoInformation Group National Land & Infrastructure Mapping: A New Insight	Skyline 3D Visualisation Of Geospatial Data, Terrain, Images, Point Clouds & City Models	Cartovista See What Was Inaccessible With CartoVista
11:05 – 11:35	Break		
11:35 – 11:55	GeoPlace Data: The Fuel Of The Future	Sterling Geo Turning Data Into Knowledge	XYZ Maps HTML5 Web Maps & Other GI Tools In Adobe Illustrator
12:05 – 12:25	KOREC Combining Geospatial Technologies For Large Scale Asset Collection Projects	Resource Group External Service Delivery Or Internal Capability, Considerations When It Comes To Drones For Survey And Inspection	European Space Imaging European Local Tasking For WorldView Satellites
12:35 – 12:55	Cadcorp Dashboard & GIS	Topcon Flying The Unflyable	Getmapping That Sweet Spot Between UAV And Large Format Survey
12:55 – 13:35	Break PLUS Batak Competition Prize Announcement		
13:35 – 13:55	British Geological Survey BGS Civils-Mapping The Earth You Move	Land Registry Land Registry Data - how it's driving economic growth	Esri UK Take GIS to the Field and Back – Optimising Field Operations with ArcGIS
14:05 – 14:25	Environmental Science To Services Partnership Developing DataSpring – Connected Data for a Connected Environment	Gavurin Reporting the World's Data	1Spatial Smarter Data, Smarter World
14:35 – 14:55	CDR Group How To Load Tons Of Terrain Data	Virtualis BIM On A National Scale – The Role Of Geoscience In Resource And Asset Management Using GEOVISIONARY	Europa Technologies Do You See What I See? Designing Maps For People With Colour Vision Deficiency
14:55 – 15:15	Break		
From 15.00	Free mince pie & mulled wine		
15.15 – 15.35	A-Z Maps Guest Talk: A cartographic insight into the A-Z Street Atlas		Pitney Bowes Spatial Data Analysis from the makers of MapInfo Pro
15.45	A-Z Giveaway PLUS Batak Competition Prize Announcement
